

ARCHITECTURAL INTERN

International Architects Atelier is expanding. We are looking for a talented, design-focused individual with zero to five years experience, to join our firm full time. Candidates must display excellent proficiency in Revit, AutoCAD, and Adobe Suite. At IAA, all team members are involved in each step of the project, from design through construction. Therefore, strong communication and coordination skills are crucial, and must be complemented with confidence and self-discipline. A Bachelor's Degree from an accredited program is required, and a Master's highly desirable.

If you are interested in joining IAA, email your resume and portfolio (no larger than 5MB, PDF) to iaa@i-a-a.com, subject line: Intern Position. No phone inquiries please.

ABOUT IAA

International Architects Atelier is a studio committed to design excellence through exploration, experimentation, and innovation. Believing creativity is best nurtured in a trusted and open working environment, collaboration is paramount to our success. At IAA, we believe architects learn by doing. Through deep involvement in every aspect of a project, each staff member has a direct impact on our work. Our intimate size allows for a unified vision that has made IAA a design-award-winning firm.

IAA is an Equal Opportunity Employer
